

The Loyola EMS System welcomes:

The Rush University Medical Center(RUMC)

Mobile Stroke Unit((MSU)

Starting November 6th, 2017

Hours of Operation: 07:00-19:00

Currently operates within a 5 mile radius of
Rush Oak Park Hospital.

Staffing consists of a Rush PHRN, RUMC CT tech, an expanded
scope paramedic, and an EMT-B

The team can provide advanced prehospital evaluation,
diagnosis, and treatment of patients with stroke symptoms
utilizing the on board CT scanner and the services of a tele-
medicine neurologist. The goal is to reduce the time between
treatment for both ischemic and hemorrhagic strokes thereby
improving patient outcomes. Contact Keith Buhs/Sue Siorek for
more information.
